

## VIPER (Video, Paper, Education & Research) Paper Presenter Instructions

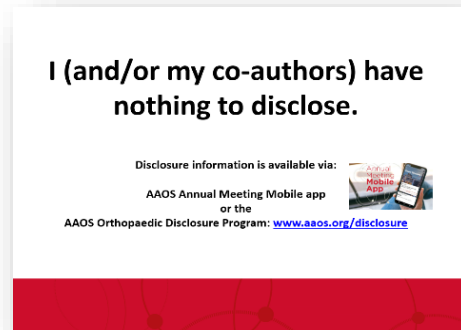

Congratulations on the acceptance of your abstract as a Paper Presentation! There are eight papers in each 60-minute session, and twelve papers in each 90-minute session. Each presentation should be no longer than four minutes in length. In addition, one or two short surgical videos will be incorporated into the session. These will be selected by the session moderator.

### Disclosure

Please ensure that the first or second slide of your presentation displays a disclosure slide on behalf of yourself AND all co-authors. Either:

or

These slides are available for download on the [Participant Central](#) page.

### Presentation

Your PowerPoint presentation can be uploaded prior to the meeting (via our AV partner's site, Orchestrate), or you may upload your presentation on-site in the Speaker Ready Room. Presenting authors will be notified via email when the Orchestrate site is open for uploads, generally a few weeks prior to the meeting.

### Tips:

- Visit the Speaker Ready Room prior to your session to upload and/or review your presentation.
- Arrive in the presentation room at least 10 minutes prior to the start of the session.
- Sit in the front row reserved for presenters.
- Be prepared to participate in Q&A and discussion.
