QUESTION & ANSWER

Maintenance of Certification

Surgeons can attain Self-Assessment Exam credits for American Board of Orthopaedic Surgery Maintenance of Certification (MOC) Part II

MOC Part II is Evidence of Life-Long Learning and Self-Assessment

This is addressed through 240 credits of Category 1 Continuing Medical Education (CME) that include a minimum of 40 CME credits of Self-Assessment Examinations (SAE)

Participation in the AAOS Registry can count up to 10 self-assessment exam (SAE) credits for MOC part II

Site & Surgeon Dashboards

Site admins & Surgeons have accounts where they are able to:

- See their procedural, post-operative and PROM data
- Compare themselves to national benchmarks
- Request custom reports
- Opt to submit data for quality initiatives (e.g. MOC, QPP)

QUESTION & ANSWER

Question & Answer

What does it cost to add the Surgeon addendum?

How do I know if my site is actively submitting data?

Who can I contact for a letter from AAOS Registries validating my registry participation and active data submission?
